

## Tuftonboro Agricultural Commission Meeting

May 9, 2017

Tuftonboro Town Office

9:30 AM

Members Present: Sue Wingate, Ron Sundquist, Michael Haeger, Karen Nemath and Joan Magrauth

Minutes of previous meeting accepted.

### New Business:

Review of where we are in our preparations for the master plan which is on-line, so check it out. We will follow a "10 year plan". Very important to think in terms of: "Why is rural character important to us."

Discussion about the town garden plots, butterfly garden plus inclusion of perennials in front left corner... it is not plowed under annually. Prepare for a meeting with garden plotters for feedback, and to encourage composting and weeding - let's make this a compliment to the town. Move sign so it is visible and add a sign "BEE AWARE"

### Up coming events:

Forest Management - June 10th

Municipal Composting - May 24th

Soils - May 18th

Website information - forward to Karen Kock (Cook), at the Town Office

Agricultural Activities Survey - Joan

One of us will do a write up, for the Tuftonboro Times, 4X's per year

Next Meeting: Tuesday, June 6th @ 9:30AM

Meeting adjourned at 11:30AM
