

TAC meeting June 6, 2017  
9:30 AM

Members present: Sue Wingate, Ron Sundquist, Natalie Hebden, Dina Farrell, Karen Nemeth and Joan Magrauth. Mike Haeger absent

Minutes of 5/9/2017 accepted

Discussion re: State & Federal regulations on retail sales of agricultural products; Karen will investigate as relates to economic development. Observation was that economic development would be limited far as numbers of employees went as most farming pursuits are homegrown.

Farmers Markets: Tuftonboro?

Tamworth market is year round and draws a goodly number of people due in part to it's proximity to route 16 and related neighboring businesses. It has become a destination.

Wolfeboro Market is seasonal on Thursday afternoons and limits participation to what is grown; no fiber crafts allowed.

If we were to initiate a Tuftonboro Farmers Market participation would be limited by: 'what you grow or produce must show a connection to the land'.

Town Garden: Karen

Plots have been rented, all have been encouraged to keep this as a show place of town garden plots. Sign to be moved.

The Pollinator garden:

Ready to plant. Karen, Joan and Natalie to get it done.

Composting: Ron attending the Municipal Composting Seminar which was very interesting. Mark A. King offered a stimulating discussion on the methods and viability of municipal composting as well as the pros and cons of materials.
